PATENT INFUSIBLE RAILWAY GREASE,

For Hot and Cold Climates.

OILS, COLOURS, TURPENTINE, PUTTY, BRUSHES, &c., &c.

HUBBUCK'S PATENT WHITE ZINC PAINT.

The most durable and beautiful Paint known, is cheaper in use than White Lead, and is proved to be superior for all purposes than the pernicious Lead Paint, in all climates. It is especially adapted for painting Iron, as, by virtue of a semi-galvanic action, it enters the pores and protects the Iron from decay. It should be used instead of Red Lead, which is proved to be destructive to Iron exposed to Salt Water. Its whiteness is unaffected by bilge water, boiling sugar, or noxious gases. It is free from any poisonous ingredient, and suited in all respects to the use of the Painter.

Each Cask of pure White Zinc is stamped "HUBBUCK, LONDON PATENT."

THOMAS HUBBUCK & SON,

WHITE LEAD, OIL, PAINT and VARNISH WORKS,

24, LIME STREET, LONDON.

HUBBUCK'S PREPARED LIQUID PAINTS.

These Paints are packed in 1-lb., 2-lb., 3-lb., 7-lb. and 14-lb. tins, and will be found of great advantage. Being mixed ready for immediate use, no further preparation is needed. This prevents the waste of carrying stiff Paint, Oil, Turpentine, &c.

HUBBUCK'S ANTI-CORROSIVE PAINTS.

The most valuable protection to iron roofs, bridges, piers, ships and bridges exposed to tempestuous weather and scorching sun.

HUBBUCK'S ANTI-OXIDATION COMPOSITION.

For Coating Iron and Wood Ship's Bottoms: a preservative against fouling and corrosion. This composition prevents the growth of barnicles, weeds, or sea vegetation of any kind. It has been largely and successfully used by Steamers and Vessels making long voyages; and as they have returned after many months perfectly clean atd free from any of these impediments, the experience of many years has thus established the superiority of Hubbuck's Composition. It is ready for immediate use, and obviates the waste of carrying unmixed Paints, Oils, Driers, &c.

HUBBUCK'S PALE BOILED LINSEED OIL,

being much purer than raw linseed oil, is the only boiled oil that can be used for White and delicate coloured Paints. It dries quick and hard, never blisters, and is more durable.

HUBBUCK'S BINNACLE AND COLZA OILS

Prepared expressly for Ship's Lights, Lighthouses, &c.

HUBBUCK'S WHITE LEAD, COLOURS, OILS AND VARNISHES

are the best, and therefore the cheapest, and are properly packed for exportation to all Climates.

SHIP LOGS AND SOUNDING MACHINES.

WALKER'S PATENT HARPOON SHIP LOG is far superior to all other Patent Logs in use, being much more compact, less liable to get out of order, and, from the fact of the principal cause of friction (the pressure on the front end of the Rotator) being removed, is the only Log which registers with equal accuracy at all speeds.

The HARPOON SOUNDING MACHINE, from its compactness and the complete protection of its working parts, has superseded every other machine.
